# New Forest Language School

Where English doesn't stop in the classroom!

With New Forest Language School you will not be one of hundreds, but one of us!

**New Forest Language School** is a personally-run English language school specialising in two week all-inclusive English language programmes for 12 – 15 year olds. We focus on small groups with a maximum of 12 students in each class. This allows our students to gain from the best possible learning experience.

We also organise private English tuition for all age groups, as well as educational study trips and combined English -Tennis Camps.

## Location

Our courses are situated in the beautiful market town of Ringwood on the south west coast of England next to the fantastic New Forest National Park, and only a short distance from the award winning beaches of Bournemouth.

We are only 30 minutes drive from the local airports of Bournemouth and Southampton and within easy reach of all major London airports and train stations.

## Learning

Our all-inclusive English language programmes offer stimulating English lessons taught by highly qualified and experienced teachers, and are combined with vibrant recreational and cultural activities as well as full day excursions. The programmes are designed to ensure that students have plenty of opportunity to use their English and develop their confidence well beyond the classroom.

## Host Families

Junior students stay with local English host families who are all carefully selected by New Forest Language School. Living with a host family guarantees that students are completely integrated into an English speaking environment offering new cultural experiences and friendships for life.

## Activities

All our activities are chosen to ensure that English really does not stop in the classroom!

Students can try orienteering, ride the rapids at the water park or be part of a 'Crazy Olympics' team. In addition there are visits to wildlife parks, English towns and cities as well as a variety of tourist attractions and local sites.

One thing is for sure, there will be plenty of new and exciting experiences.
